## What are the big benefits of Early Learning & Childcare?

Early Learning and Childcare gives your wee one a real boost in confidence and independence, as well as building on their language and development. It's a great way for them to make friends and play with lots of other children, while learning new things.

It can also give you the time to develop your skills, go back to work, get stuff done around the house, or even just to recharge your batteries.

## Where can my child get their hours?

Any provider who meets the new National Standard, has a space available and is happy to enter into a contract with the local authority can offer your child a funded place. Each setting will be different and it is best to ask what they offer.

## These settings could include:

- Nurseries – this could be a nursery at a family centre or a school, a private or charity-run nursery, or any other type
- Childminders
- Outdoor settings
- Gaelic or specialised settings
- Playgroups
- Or a mixture of the above

## Your child might be able to access:

- Full days
- Part days
- School days
- Term time or year round
- More than one provider

This depends on what's available in your area.
